innex C470

4K Auto-Framing Conference Cam with Dual Noise-Cancelling Microphones

Introducing the Innex C470, the premium 4K wide angle conference webcam that delivers superb conference experience.

innex 4K AutoFraming

3X Digital Zoom

Zoom in and move around to get a closer view with precision when you need, using Innex software.

120° Wide View Angle

Designed for small meeting spaces, capture more with less space required.

Auto-Framing

Camera embedded AI-based smart framing. Capture all participants and automatically adjust to the best framing position.
Omnidirectional Noise-Cancelling Mic

Built-in two mics that pick up your voice from all sides up to 4m /13ft. Detect and filter the background noise.

Auto-Framing

Compatible with your favorite software: Microsoft Teams · zoom · Skype for Business · Google Meet · CISCO · GoToMeeting by LogMeIn · BlueJeans · RingCentral
