Noise Reduction

Powerful noise-cancelling microphone for clear voice during remote teaching or learning. Eliminate distractions and focus on your content!

Auto Rotate

Auto-rotate 180° for seamlessly switching between overhead document camera and front-facing webcam.

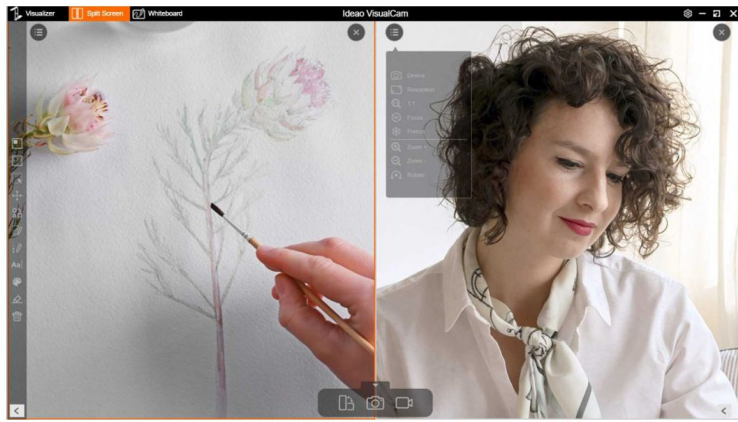

Autofocus On (webcam mode)

Keep the video sharp and in focus even when you are moving around.

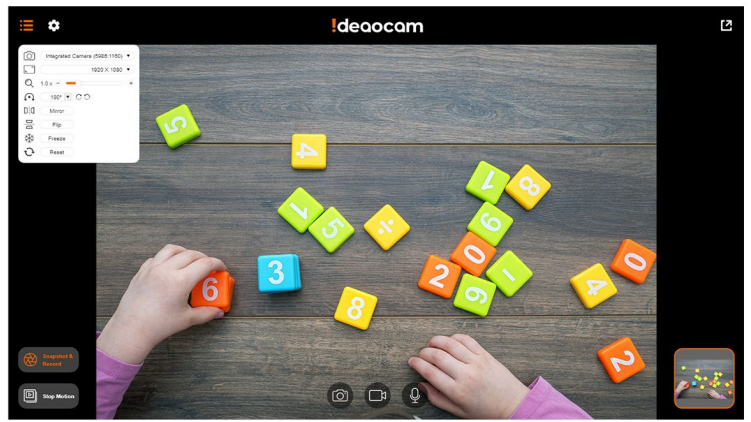

Autofocus Off (doc cam mode)

Keep the video steady and prevents it from jumping around. It re-focuses only when you trigger the button.

Ideao VisualCam for Windows & Mac

Use the complimentary software to zoom in, take snapshots, record videos, annotate your content, and use PIP or split-screen to enhance your online class.

IdeaoCam Chrome extension

This extension works with any laptop that uses Chrome browser. Use it to create stop motion videos and directly upload them to your Google Drive or Google Classroom.

Compatible with your favorite software:

Google Meet
