innex connect

Wireless Conferencing System
with Camera Streaming, and Integrated Speakerphone

Introducing Innex Connect - the all-in-one wireless conferencing system with full BYOD support. Connect your laptop to the speakerphone and access the meeting room display and camera wirelessly. Simplify your conferencing setup and eliminate the hassle of cables and drivers.

4K Wireless Casting

Effortlessly share your laptop screen on the big display with just the click of a button. No software is required - simply connect your laptop to the speakerphone for a seamless wireless casting experience.

Camera Streaming

Connect your conference camera without having a long cable. Access 1080P video wirelessly right from your seat with ease, and keep your video conference space clutter-free.

Plug & Play

No drivers or software are required with Innex Connect, making wireless conferencing as easy as plug-and-play.

Vocal Enhancement

The powerful speaker and 8-mic array are designed to enhance human voice against background noise and delivers immersive sound effects for every meeting.
