Wireless Conferencing with Camera Streaming

Bring your own meeting and enjoy clutter-free conferencing.

• Effortlessly screen cast via USB pod, Airplay, Miracast, and Chromecast.
• Wirelessly access the built-in camera directly from your laptop with high clarity.

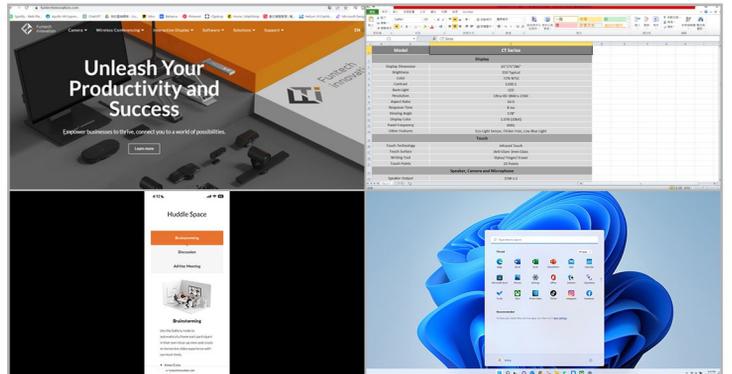

Touchback Control

With touch back control, you can interact with and navigate screen sharing devices in real-time. Simply approach the interactive display in your meeting, and your presentation is at your fingertips.

Multi-Screen Sharing

Receive multiple screen sharing sources like USB Pod, Airplay, Miracast, and Chromecast, and display them simultaneously in split-screen mode, supporting up to 4 partitions.

Ignite Ideas

Effortlessly draw, annotate, and interact with any content during your meetings, discussions, and brainstorming sessions. Utilizing best-in-class in-cell touch technology for enhanced touch accuracy, sharper visuals, and a lightweight display design.Bringing your ideas to life and fostering dynamic collaboration.
