Revolutionizing Document Scanning

The Innex DS200 Document Scanner is an intelligent, professional scanning solution for seamless digitization. With its high-performance capabilities and user-friendly design, the DS200 ensures fast, precise, and high-quality book and document scanning. This cutting-edge scanner simplifies the scanning process, making it the ideal choice for businesses, educators, and professionals.

Professionals/ Personal Use

Libraries & Archives

Educational Institutions

From Paper to Digital and Beyond

Gentle Handling of Fragile Books

Scans without direct contact, preserving delicate materials such as historical records, aged manuscripts, and bound books.

Versatile Operation Modes

It offers multiple ways to initiate scanning, including a hand button, a foot pedal, the InnexScan software interface button, automatic page turning detection, and a timer for a seamless experience.

OCR Text Recognition

Convert scanned documents into editable and searchable text with Optical Character Recognition (OCR) accuracy rate, enhancing productivity and document management.

Presentation & Teaching Applications

Beyond document scanning, The Innex DS200 scanner allows you to showcase 3D objects, teaching materials, and presentations. Record and display demonstrations, making it a powerful tool for educations and professionals.
