

# innex Connect Pro Button

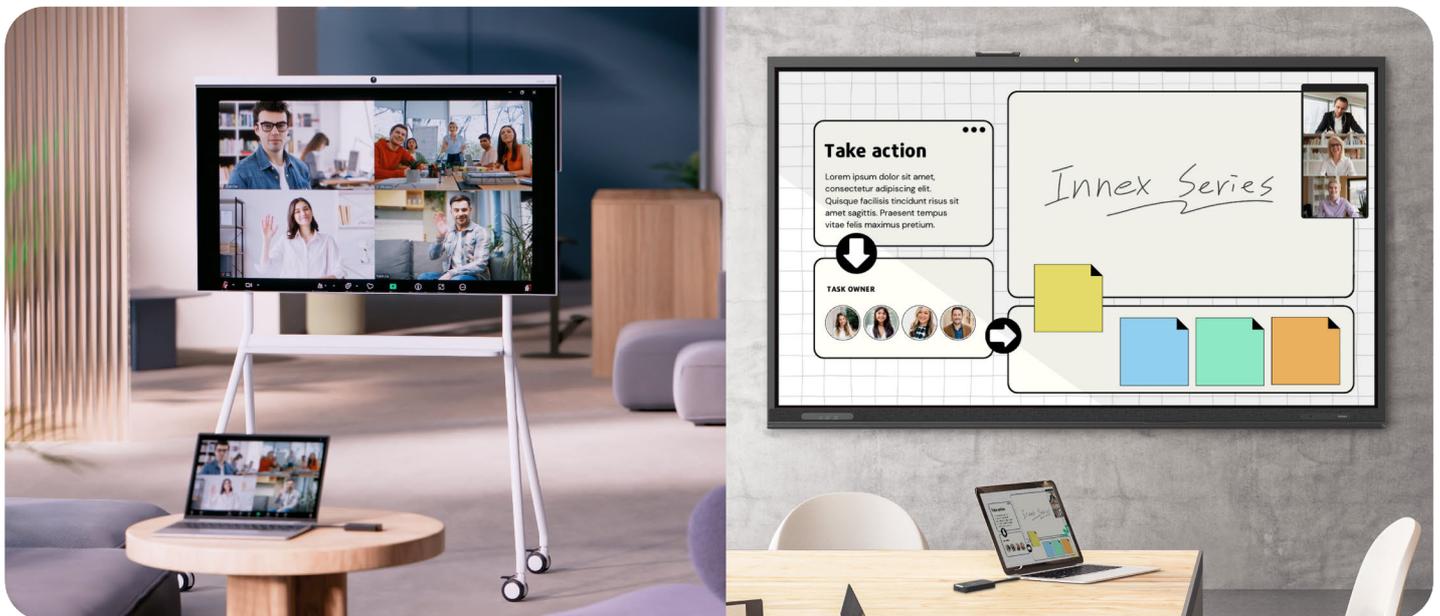

## Effortless Wireless Collaboration

Transform any display into a powerful meeting hub with 4K sharing, touchback control, and multi-device support. Add the Connect Pro Button for instant, one-click plug-and-play simplicity.

## Seamless Integration for the Innex Ecosystem

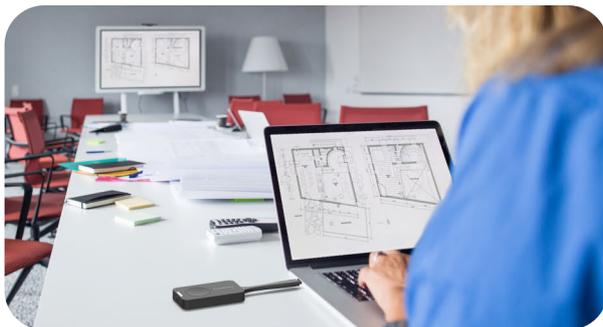

Unlock the full potential of your Innex displays. The Connect Pro Button brings instant, cross-platform wireless conferencing to Connect Pro+ and the CM, CT, and EU series with a simple plug-and-play setup.

\*Note: This product must be used with compatible Innex Connect Pro Receiver

## Full-Featured Wireless Sharing

### Software free, Plug-and-Play

One-tap screen sharing via USB-C with zero software installation. Works seamlessly across Windows, and MacBooks.

### Interactive Wireless Sharing

Wireless 4K video and audio with real-time touchback. All on-screen operations sync back to your laptop instantly.

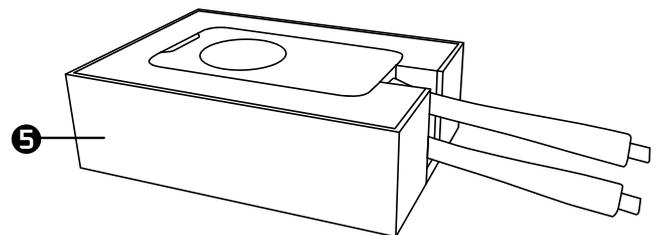

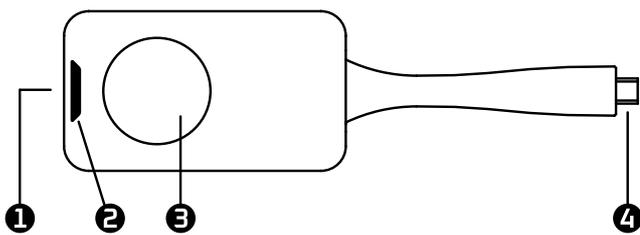

### Power pass-through

Ideal for single-port laptops. Use the power pass-through to charge while sharing—simply plug your power adapter into the button.
